

Facts Sheet - Mziki Safari Lodge

We'd love for you to come and experience a truly refreshing stay at Mziki Safari Lodge, which our family, the Pallamars, has proudly owned since the 1990s.

We're really excited to share that alongside recently adding three luxurious 2-bedroom family suites and completely rebuilding our main lodge, we've also welcomed a female cheetah, Edie, to the reserve. It's wonderful news – she not only makes the wildlife experience here even better but plays a really important part in helping the local ecosystem thrive.

Nestled just two hours from Johannesburg, Mziki offers a warm, personalised safari experience on our 6,000-hectare private game reserve – a natural, affordable getaway for eco-conscious travellers.

Looking after the environment has always been really important to us here. From community recycling projects and getting rid of single-use plastics in guest rooms, to serving wholesome, home-cooked food and offering flexible booking options, we want you to have a genuine bush experience while hopefully inspiring the next generation to look after it too.

Mziki Safari Lodge is a peaceful spot for everyone, whether you're looking to relax or wanting a bit of adventure. Our team is really looking forward to welcoming you and making sure you have an unforgettable time.

We hope to welcome you soon,

The Pallamar family
